ABOUT US:

It is the mission of the ALL-PRO Lineman Camp LLC to improve or enhance the abilities of every participant at their position on either the offensive or the defensive line.

Extremely successful and proven individual techniques and skill execution along with the mental preparation for proper line play is emphasized.

The ALL-PRO Lineman Camp LLC believes in a gradual progression to its teaching and instruction with an importance stressed on team concepts. The success is accomplished through organized, disciplined, and structured instruction from quality-experienced coaches. We combine this quality with a very low number of players per coach ratio.

**Besides OL and DL, we highly encourage FB, TE, and LBs to participate in the camp as we teach blocking and block defeat drills that will be extremely Beneficial to your season!*
